

## Installation Instructions Tubular Tracklight

### Product information

The Novii tracklight is a 3 circuit track mounted/surface mounted fixture available in different colours and wattages to suit most projects.

### Installation steps

#### Track mounted

1. Switch off before installation, mount track to ceiling with mounting clips.
  2. Connect track terminal block with "L", "N", "G" properly.
  3. Insert fixture track adaptor into track making sure the two data bus contacts are on the same side as the data rail on the track.
- Follow the steps below :
- Align the adaptor and contacts parallel with track.
  - Pull down latch on adaptor and insert adaptor into track.
- (Note : Twist the adaptor and ground contact toward the polarity groove)
- Support the fixture with one hand and twist the adaptor 1/4 turn till the latch locks into the track.
4. Adjust tracklight towards target object both vertically and horizontally. Switch on and test for correct operation.

#### Surface mounted
