

grace

BALANCE Installation Manual

③ Fasten the frame into ceiling by screwing another 2 pcs clips on the other side of frame.

④ Feed the main AC wire in terminal block respectively.

⑤ Fix led panel light into the recessed frame.

⑥ Installation complete, turn on the power.

Installation For Plaster Ceilings

① Open the ceiling with a needed hole.

② Assemble the spring on the panel.

Note* Only use screws provided in Plaster Ceiling Kit

③ Make the springs in a vertical direction with the panel and make it fit the cut hole.

④ Make the springs in a horizontal direction with the panel and make sure they match well.

Recessed Mounting(Clips)

Clips should be purchased separately as an accessory

Warning:

Input wire diameter $\geq 0.75\text{mm}^2$;

Product modification and improper installation are not valid for warranty!

Safety Instruction:

1. Turn off power before installation or before doing any maintenance work.
2. Do not install any luminaire near a heat source.
3. For Indoor use.
4. Do not exceed the nominal supply voltage or amperage ratings.
5. All wiring and installation of this luminaire must adhere to local and national wiring rules eg AS/NZS 3000: 2007 Amendment 2:2012 Electrical Installation
6. Take care not to pull any electrical wires during unpacking as this may damage the connection.
7. Lay out all the components on a smooth surface and make sure there are no components missing before assembling.
8. To avoid injury or damage to the fitting, please ensure that power leads and screws are secure before connecting the power.
9. Please keep instructions for future reference.

Installation Procedure

WARNING:

1. Switch off before installation.
2. Switch on only after complete installation and examination of the circuit.

CAUTION

Make sure that the mounting surface or structural member used for installation can support the weight of LED Panel.

If the luminaire is CCT selectable enabled, please select CCT with slide switch before installation.

Lamp inspection before installation:

Remove panel from box and place on a flat surface:

1. Press down on opposite corners at the same time.
2. Repeat with remaining corners.
3. Insure the panel is flat before installation

Corner lift tolerance ≤5mm

Recessed

① Remove the ceiling plaster slab.

② Feed the main AC wire in driver terminal block respectively, connect the panel light and driver.

③ Fix the panel light into plaster ceiling.

④ Make sure the led panel light is firmly fixed, turn on the power.
